

# Pre-registering for courses

The academic unit teaching the course might open a pre-registering for courses in order to collect information about the number of students planning to take the course on following semester. During the registration period it is also possible to cancel the pre-registration. Pre-registration does not substitute registering for courses the following semester.

1. Go to menu MY STUDY INFORMATION > Pre-registration
2. A list of courses opened for pre-registration is displayed.
3. Click on link „register“ to pre-register for selected course.
4. The system asks for confirmation, click „Yes“.

The screenshot shows the 'MY STUDY INFORMATION' section with a sidebar menu containing 'My study plan', 'My timetable', 'Pre-registration' (highlighted), and 'My exams / assessments'. The main content area features a search bar with a 'Course code' dropdown and a 'search' button. Below the search bar is a table with the following data:

no.	course ▲▼	registreerimine lõpp ▲▼	eelistatud grupi keel ▲▼	additional information ▲▼	
1.	Statistical Analysis Solutions in R (IFI6098 .DT)	24.12.2018 23:59			<a href="#">register</a>

5. In order to cancel the pre-registraion, click on „cancel the registration“
6. The system asks for confirmation, click „Yes“.

The screenshot shows the same interface as above, but the 'Pre-registration' menu item is no longer highlighted. The table now has a 'cancel the registration' button in the final column:
